

Virtual Parent Café

2nd and 4th Saturday's | 10:00 AM – 11:30AM

What is a Parent Café?

Parent Cafés are a safe, welcoming and inviting environment for caregivers to build connections through conversations and develop relationships.

Parent Cafés are FREE parent-led get-togethers that encourage parents/caregivers to openly talk about the challenges of caring for a child(ren) and share ways to strengthen their families. This is an opportunity for parents/caregivers to learn from each other in a fun and supportive atmosphere. In the Parent Café model, a parent is defined as any adult providing care for a child.

Building Protective Factors in Caregivers to Promote Resiliency Through Conversations
